

# Tips before you go to the doctor

Phone your doctor for an appointment

**Ask for a double appointment if you need more time**

Take a friend with you for support

Write down the **day, date** and **time** of your appointment

## Write a list

When you became unwell/ill

What are your symptoms

What makes them worse

What makes them better

Any medicine you are taking

## At your appointment

Try to relax

Listen carefully

Don't be afraid to ask questions

Check your list

If you are given new medicine

Ask the doctor to write down

Name of medicine

When you have to take it

How long for

Any side effects

Ask the doctor

What to do next if you don't feel any better
