

## Primary & Community Services

Dear

Women aged from 20 to 60 years are asked to come for a smear test.

You are due to have a smear test, but your Doctor has told us that you do not want to come for a smear test and that you do not want us to send you anymore invitations.

This is your choice. If you change your mind and decide to have a smear test please telephone your Health Centre to make an appointment.

It is important to see a doctor if you have bleeding between periods or after sex.

Yours sincerely
